**First Response** is a full service, privately held company providing Structural Restoration, Remediation & Environmental Emergency Services to both the private and public sectors.

Due to our reach and depth in the market, **First Response** is recognized as a key stakeholder and one of the most comprehensive service providers in the industry. **First Response** has the ability to address virtually any service requirement that our clients may need. The claims range in size from small residential to multi-million dollar commercial and industrial losses.

**First Response** also manufactures a complete inventory of structural drying and environmental equipment. This allows us to cost effectively provide state of the art equipment to our clients.

**First Response** has become a reliable hub of information and consultation to the industry where experience and a track record of execution have contributed to our success.
