Safety of your workers is a right for the employees and an obligation for your company. Receive industrial training by qualified board-certified Safety Professionals and Experienced Responders.

“WE ARE YOUR TRAINING PROFESSIONALS”

In order to protect your workers and reduce your corporate exposure, you must train the workers that are at risk. A risk assessment will provide you with a written report and illustrates the exposure to you and your workers.

Our instructors are industry trained with vast experience and real life service.

We are committed to being the most experienced trainers and use live, yet safe props, to ensure your worker is trained to the fullest.

Training Services include, but are not limited to...

- Spill Response
- Health & Safety
- Confined Space/High Angle
- Recycling & Waste Management
- WHMIS
- TDGA
- Safe Work Practices
- First Aid/CPR
- Lift Truck Operator
- Fire Extinguisher/Fire Fighting
- CBRNE
- Accident, Incident Investigation/Continuity of Evidence
